Ch-1

The story of Village Palampur

Q1A

Q1 Write the factors of Production

Ans The aim of production is to produce goods and services that we want.

Requirement of production

1. Land- Natural Resource

2. Labour - Two Types

(i) Highly educated people

(ii) Manual workers

3. Physical Capital → it has two types

(i) Fixed Capital - Tools, machines and buildings

(ii) Working Capital - Raw material and money in hand.

4. Human Capital -

To put together land, labour, physical capital and to produce good, to sell in the market

Human Capital - Industrialist - is needed.

Q2. What is Green Revolution?

Ans In India the Green Revolution introduced in late 1960 for cultivation of wheat and rice.

Steps of Green Revolution

1. Instead of traditional seeds H V V seeds are used (High yielding variety of seeds)

They promise to produce much greater amount of grain on a single plant.

2. Irrigation through tube wells and drip irrigation

3. Fertilisers

4. Pesticides

5. Insecticides

By using this modern method of farming farmers of Punjab and Haryana are able to produce much greater amount of Grain.

Ch-4 People as Resource

Q. What do you mean by 'People as resource'?

Ans. 'People as Resource' is a way of referring to a country's working people in terms of their existing productive skills and abilities like other resources. Population is a human resource. Education, training, medical care yield return just like investment in physical Capital.
